COLTONIAN

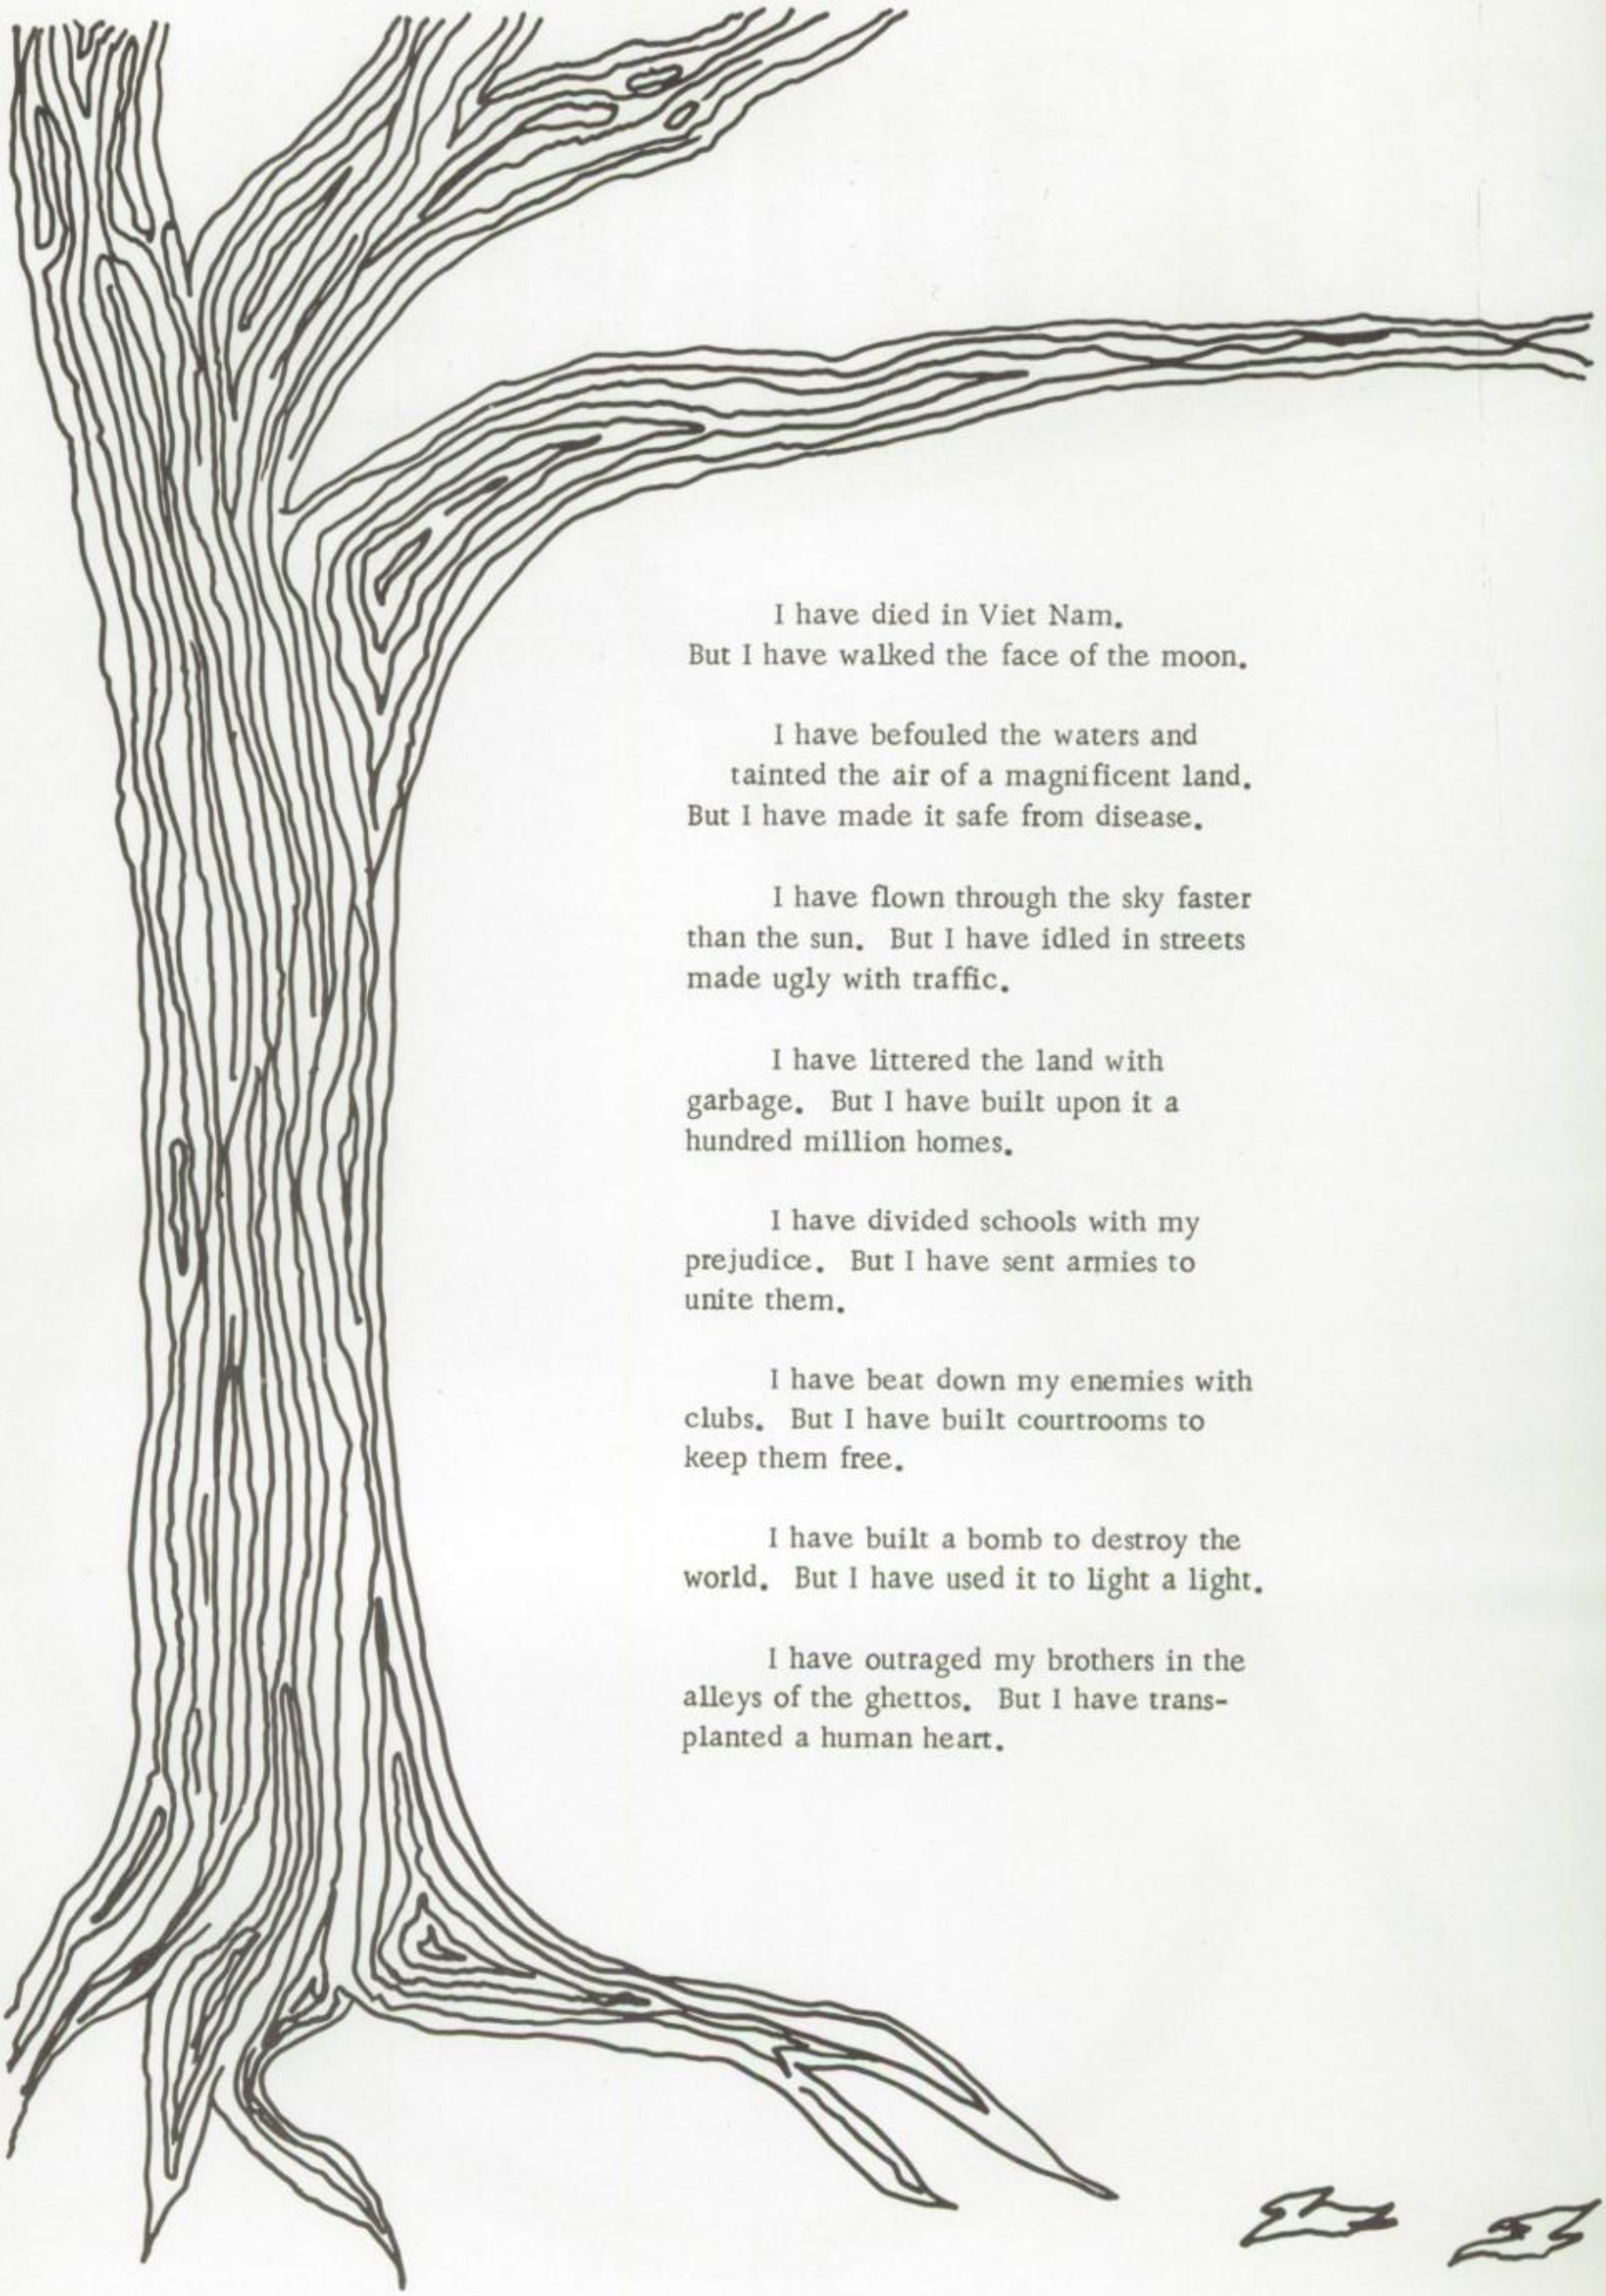
COLTONIAN



I have died in Viet Nam.
But I have walked the face of the moon.

I have befouled the waters and
tainted the air of a magnificent land.
But I have made it safe from disease.

I have flown through the sky faster
than the sun. But I have idled in streets
made ugly with traffic.

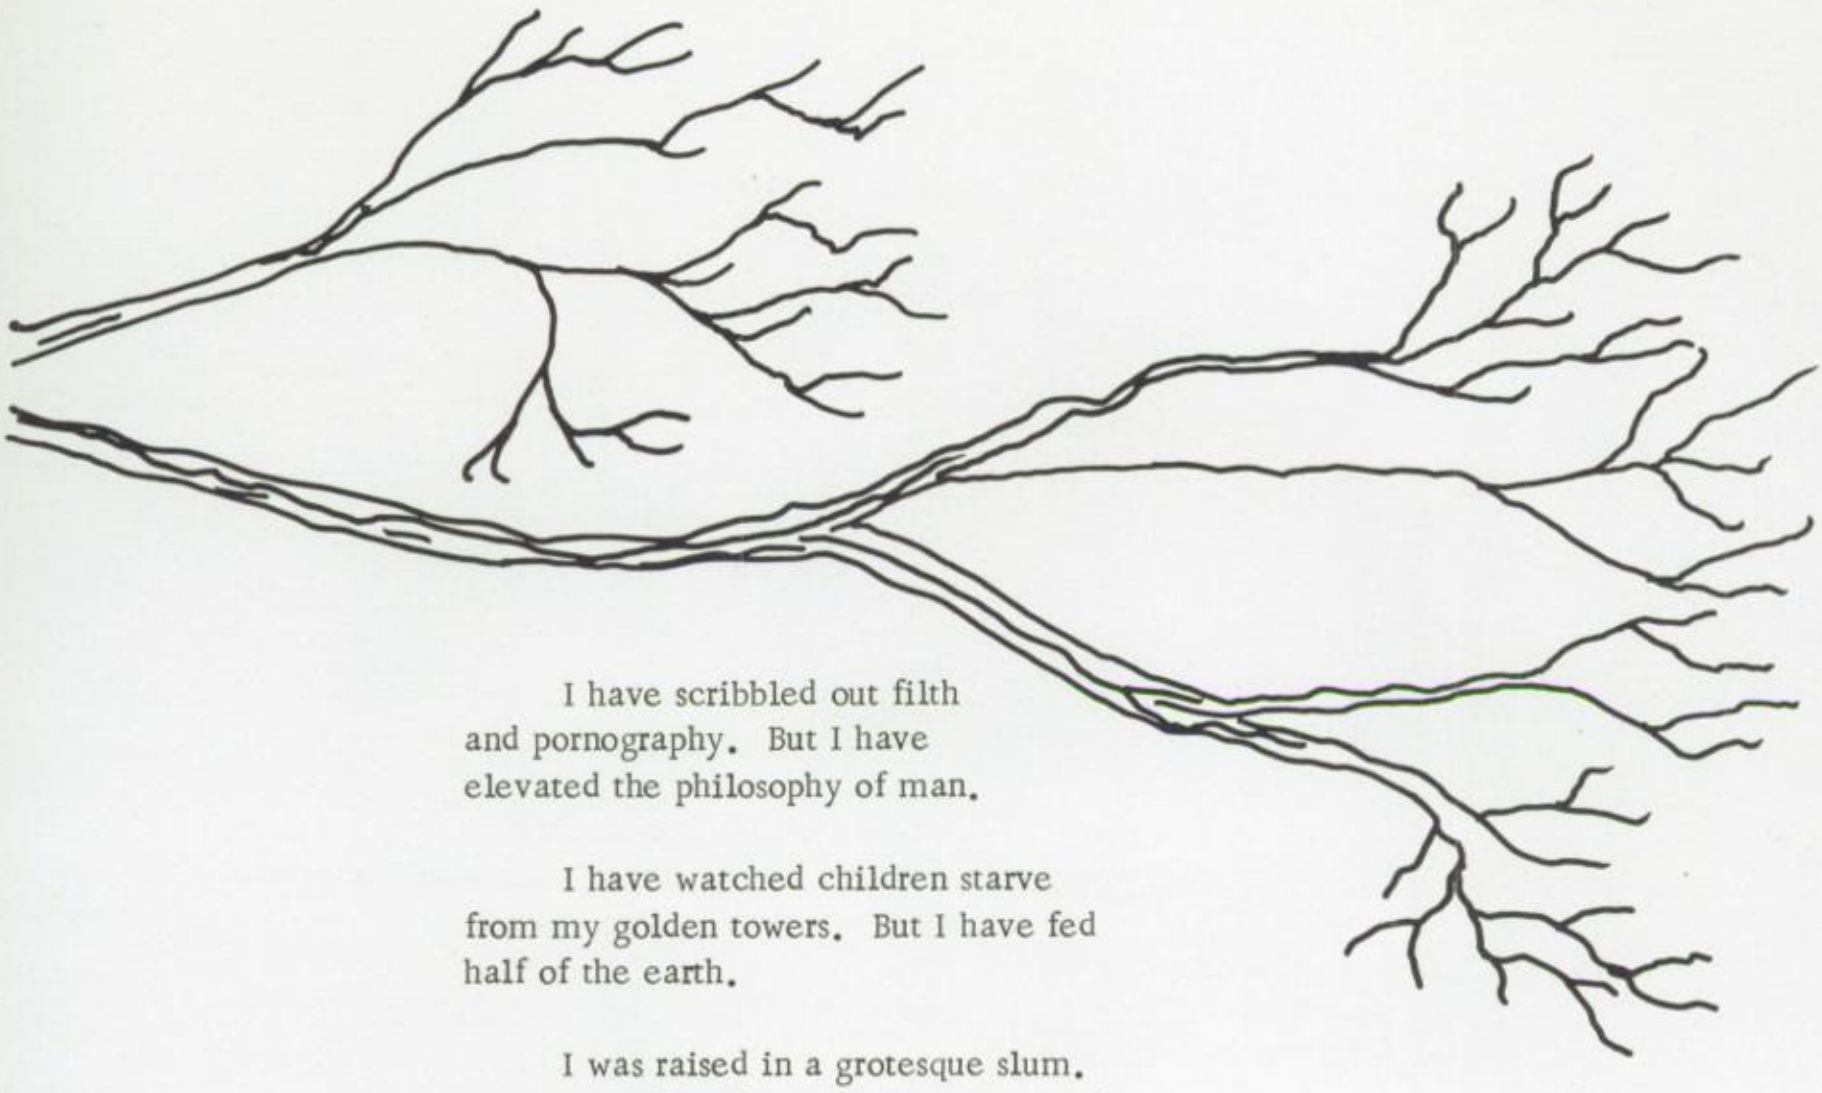
I have littered the land with
garbage. But I have built upon it a
hundred million homes.

I have divided schools with my
prejudice. But I have sent armies to
unite them.

I have beat down my enemies with
clubs. But I have built courtrooms to
keep them free.

I have built a bomb to destroy the
world. But I have used it to light a light.

I have outraged my brothers in the
alleys of the ghettos. But I have trans-
planted a human heart.



I have scribbled out filth
and pornography. But I have
elevated the philosophy of man.

I have watched children starve
from my golden towers. But I have fed
half of the earth.

I was raised in a grotesque slum.
But I am surfeited by the silver spoon of
opulence.

I live in the greatest country in the
world in the greatest time in history. But I
scorn the ground I stand upon.

I am ashamed.
But I am proud.
I am an American.

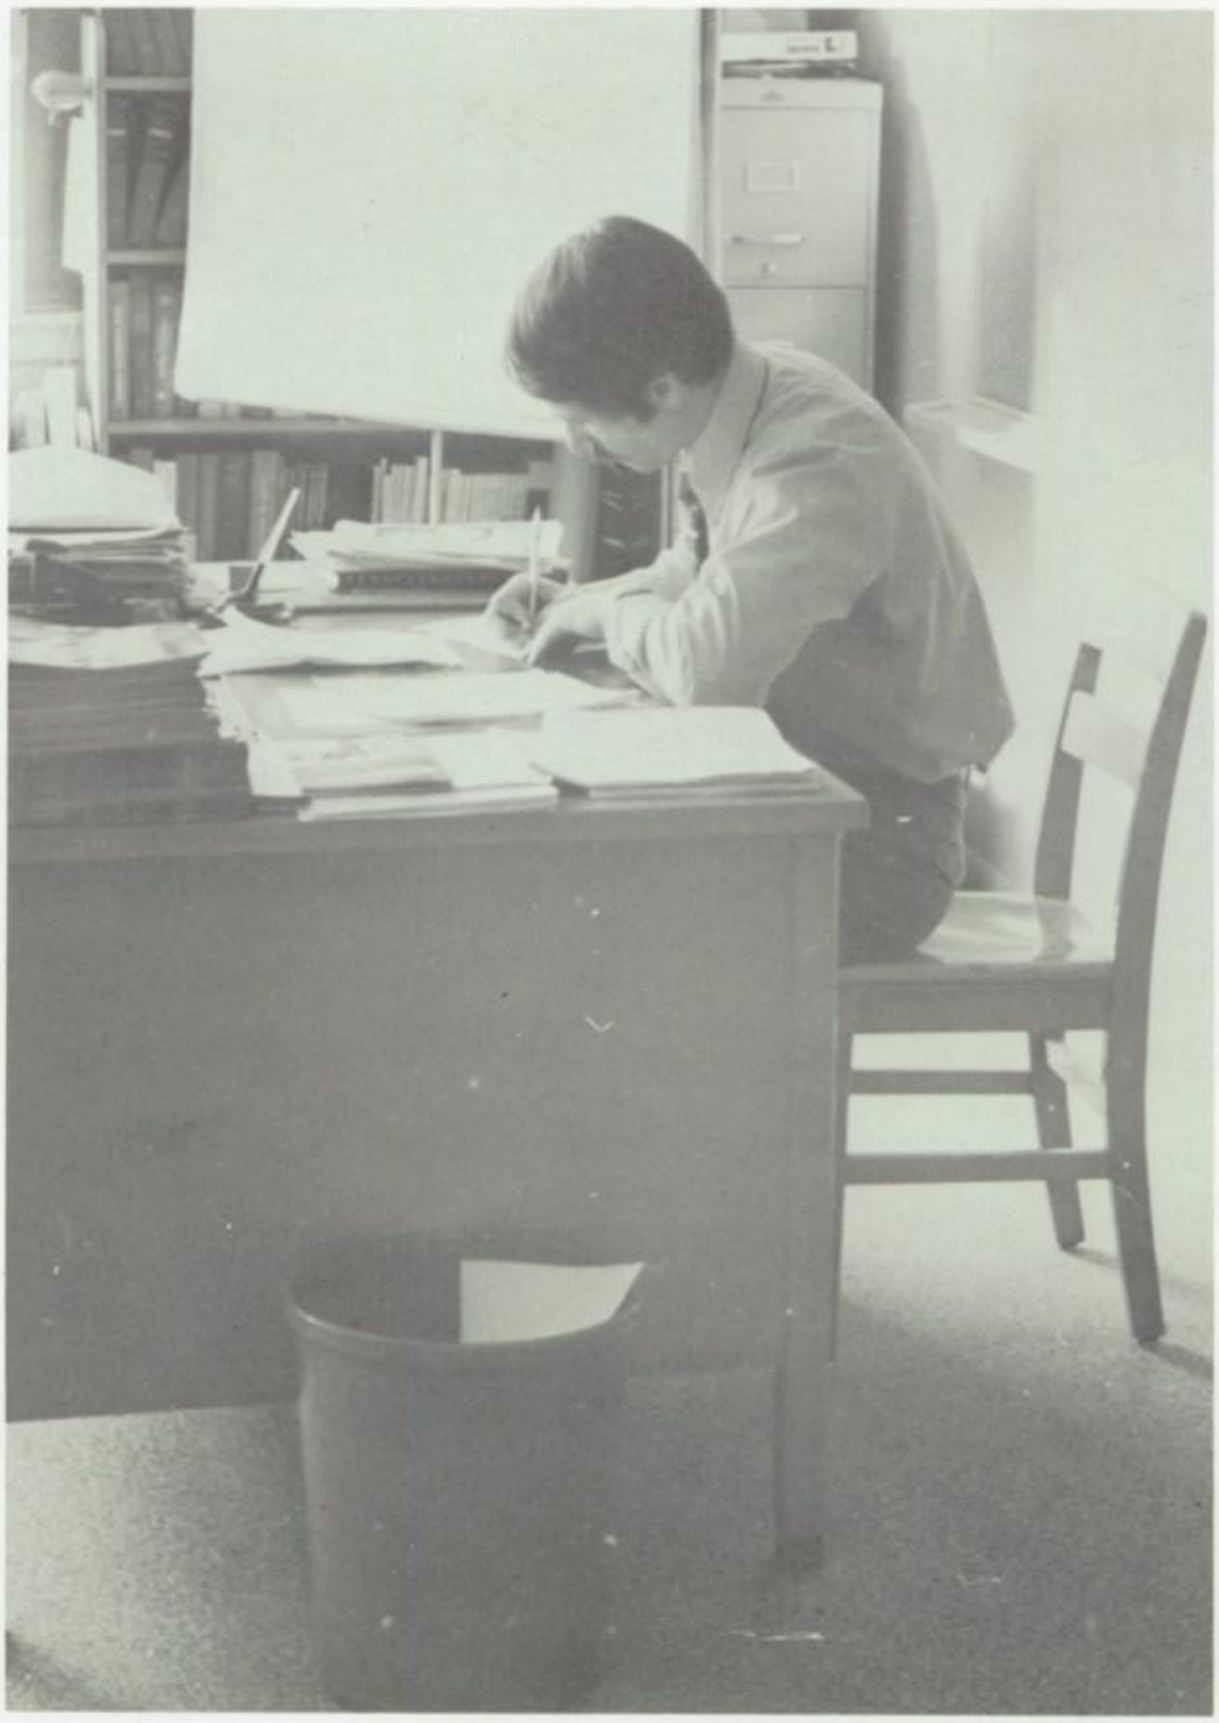
Dedication



The Senior Class of 1973 has had little trouble in choosing the single person to whom their yearbook should be dedicated. Although Mr. Sprow has been here only for three years, he has shown interest, diligence and dedication in the education of the students of Colton-Pierrepont Central. He has worked especially with the Senior Class not only as their class advisor, but as a full-time friend, and our thanks cannot be expressed as the mere dedication of our yearbook.

We, the Class of 1973, would like to express our deep appreciation to Mr. Reihl, who has served Colton-Pierrepont for 25 years, on this, his year of retirement.

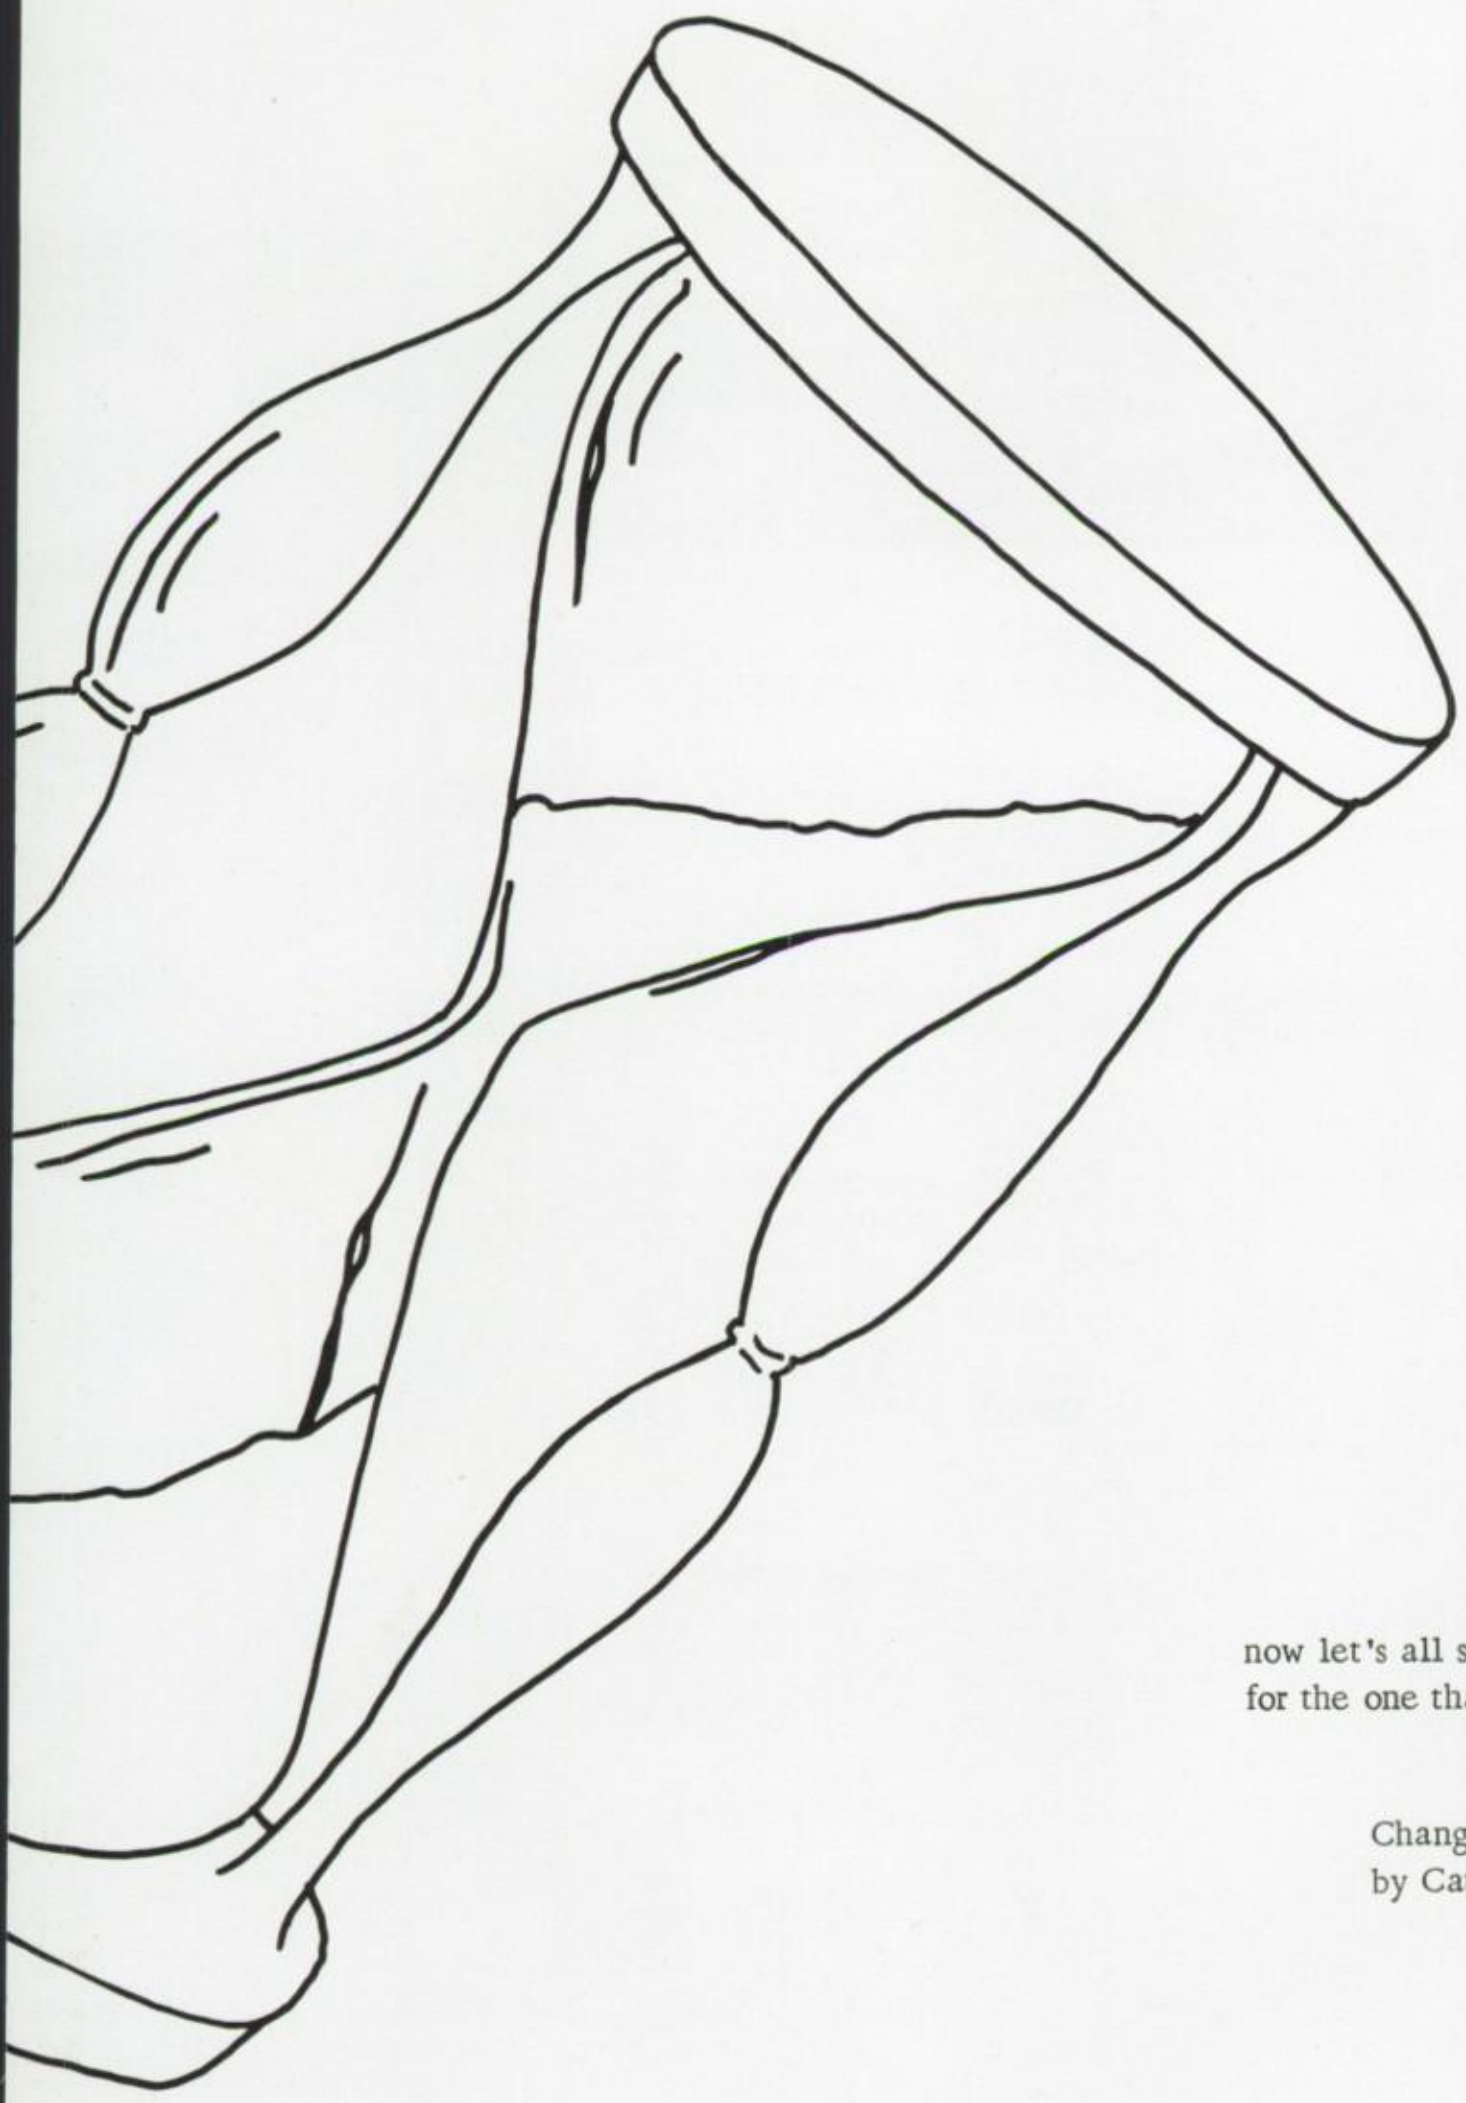
Don't you feel a change acoming
from another side of time,
breaking down the walls of silence
lifting shadows from your mind-
Placing back the missing mirrors
that before you couldn't find
filling mysteries of emptiness
that yesterday left behind
And we all know it's better
Yesterday has past . . .



now let's all start living
for the one that's going to last.

Supervising Principal

It is common for principals to address the loftiest of sentiments to the graduating class in this yearbook dedication spot. Unfortunately, it is almost equally common for those sentiments to remain largely unread and almost completely unfulfilled. I don't expect to change all that by what I say here. I do hope to emphasize the simple fact that what counts is not my dedication, but YOUR DEDICATION.

What counts is that strength and determination each graduating person brings to bear on his own determinations about his own future. The family, the school, even the broader society have done, for good or ill, whatever they have done. Each graduate must now do something with what he has and what he is. Little can be gained from anything but determination to progress from where each of you is right now to where you want to be X years hence. Each of you is now his own master. I hope you will prove that you have learned to make sound decisions about personal goals and will dedicate yourselves to achieving those goals.

I am confident, that if you do so dedicate yourselves, that nothing can stop you short of your goals.

Good luck to each one of you.

Mon cher ami,
Je vous remercie de votre
bonne carte. J'aurais
voulu vous écrire plus
longue mais je suis
très occupé.
Donnez-moi de
vos nouvelles.
Votre ami
P.S. Votre fils va
bien.
